

WELCOME TO

Dynamic Neon Glow

Blending Creativity with Code

Introduction

introduction to my website

“

- Thrilled to launch my official website
- More than a profile → it's a reflection of my transition
- Showcases skills, mindset, and passion for data

”

Core Purpose

Why this Website?

Showcase academic + technical growth

Highlight real-world projects & skills

Build professional visibility

Connect with like-minded learners & professionals

Key Highlights

We Help Your Business Better

The user can perform the presentation on a projector or computer, and the powerpoint can be printed out and made into film.

Key Highlights

Here you'll find:

- Academic Achievements
- Technical Skills
- Real Projects
- Creative Coding Experiments

About me

about me

Background

MA – Master of Arts
(University of Allahabad)

Transition: Humanities →
Data Analytics

Curiosity turned into a mission

Learning through projects & practice

Certificates & Github

Technical Tools

Tech Stack:

Excel – MIS, Dashboards, Advanced Formulas

Power Query & Power Pivot – ETL, Data Transformation

SQL (PostgreSQL) – Complex Queries & Insights

Access – Relational Databases, Forms & Reports

Power BI – Interactive Dashboards, DAX

Excel VBA – Workflow Automation

HTML/CSS – Creative UI & Animations

Technical Tools

UNIQUE SERVICE
HELP MORE CLIENT

Soft Skills

Problem-Solving Mindset

Excellent Communication

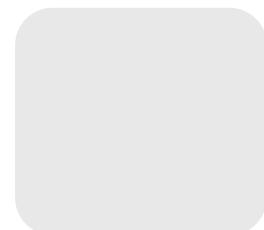

Discipline & Consistency

Excellent Presentation

Mentoring Non-Tech Learners

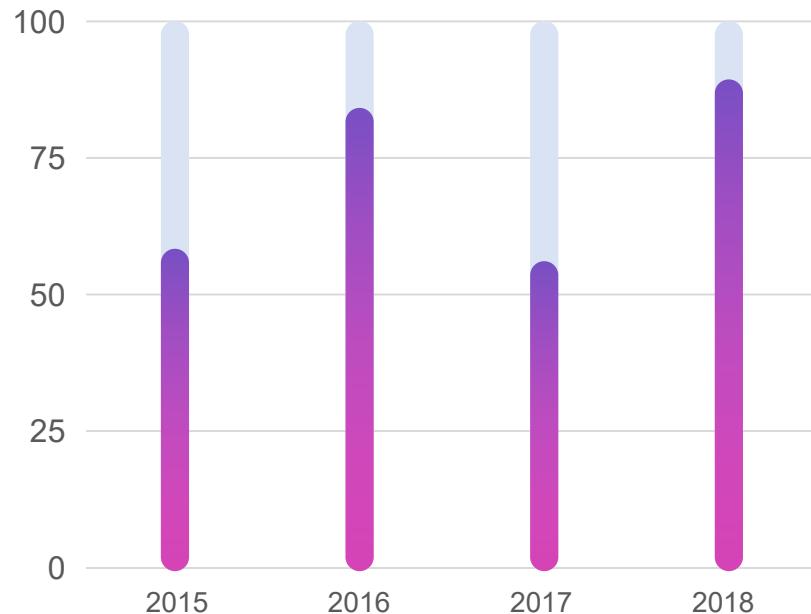

Soft Skills

Core Strengths:

Fast & Adaptive Learner

Resume Section

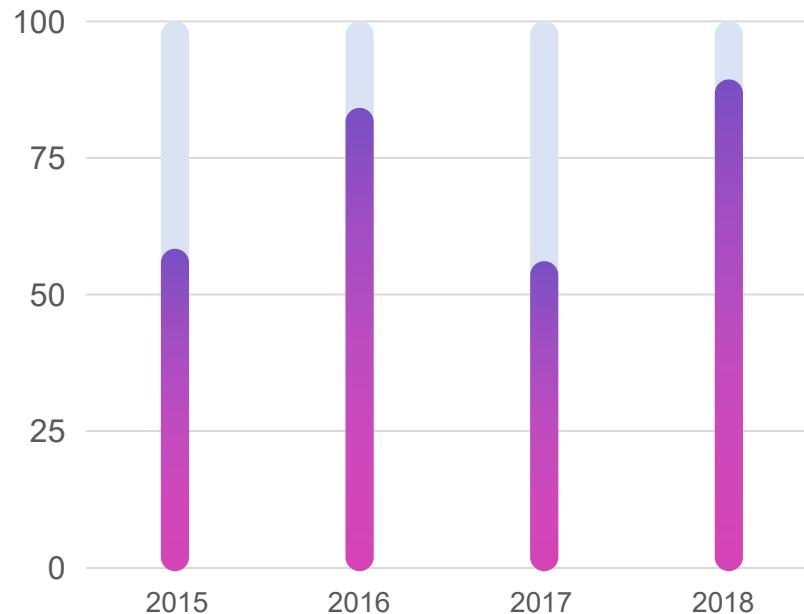

Resume Includes:

- Academic & Certification Details
- Technical & Analytical Skills
- Project-Based Exposure
- Career Objective: Grow as a real-time Data Analyst
- Downloadable resume available on website

Education

Credentials:

- MA – University of Allahabad (First Division)
- ADCA – Advanced Diploma in Computer Applications
- Tally Prime with GST – Certified
- CCC (NIELIT) – Digital Literacy
- Excel | Power Query | SQL | Power BI | Python

Projects Overview

Hands-on Learning & Practical Exposure:

SQL

- SQL – Employee Analysis, Online Bookstore

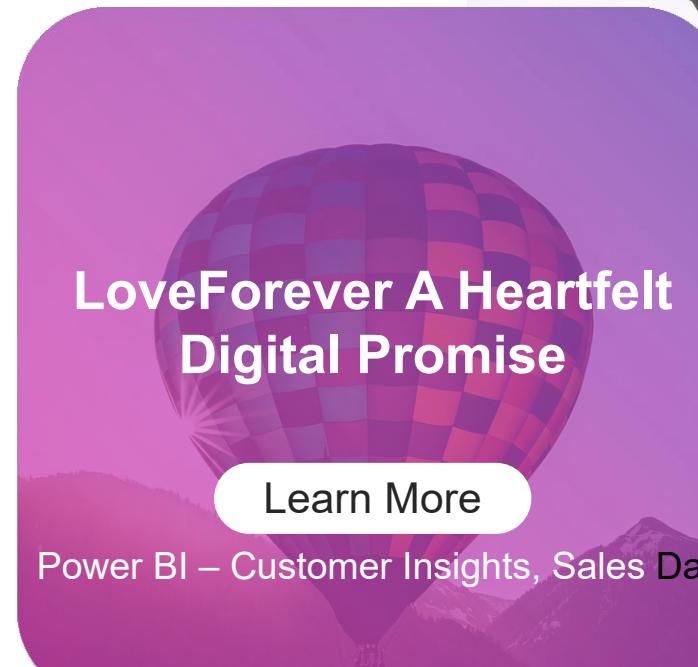

- Excel – Sales Dashboard, HR & Attendance MIS

- Power Query – Multi-File & Multi-Extension Cleaning

- Access – Payroll & Inventory Tracker

Power BI – Customer Insights, Sales Dashboard

Python – Data Cleaning, Mini EDA Projects

HTML/CSS – Solar System Animation

Creativity + Tech

Why this Section?

Creativity + Tech

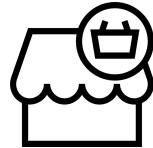

Research

Blends logic with design

Product Creation

Turns technical tools
into characters & stories

Marketing

Makes learning
engaging & memorable

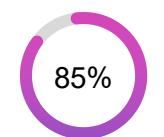

GitHub Integration

Explore my GitHub

Repositories organized by skill: SQL, Excel, Power BI, Access, Python

Open-source mindset encourages continuous learning

Projects hosted with proper documentation

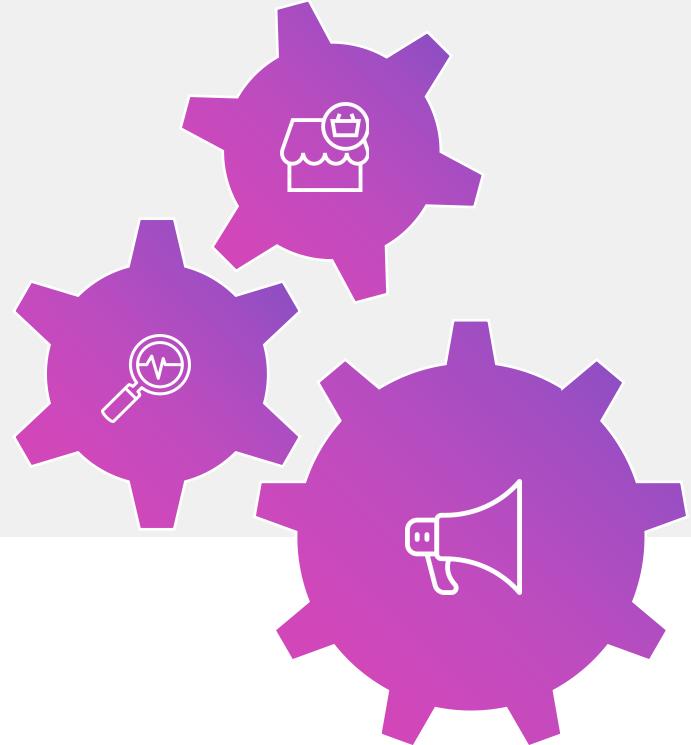

Version control & collaboration-ready

Learning Roadmap

Learning Roadmap

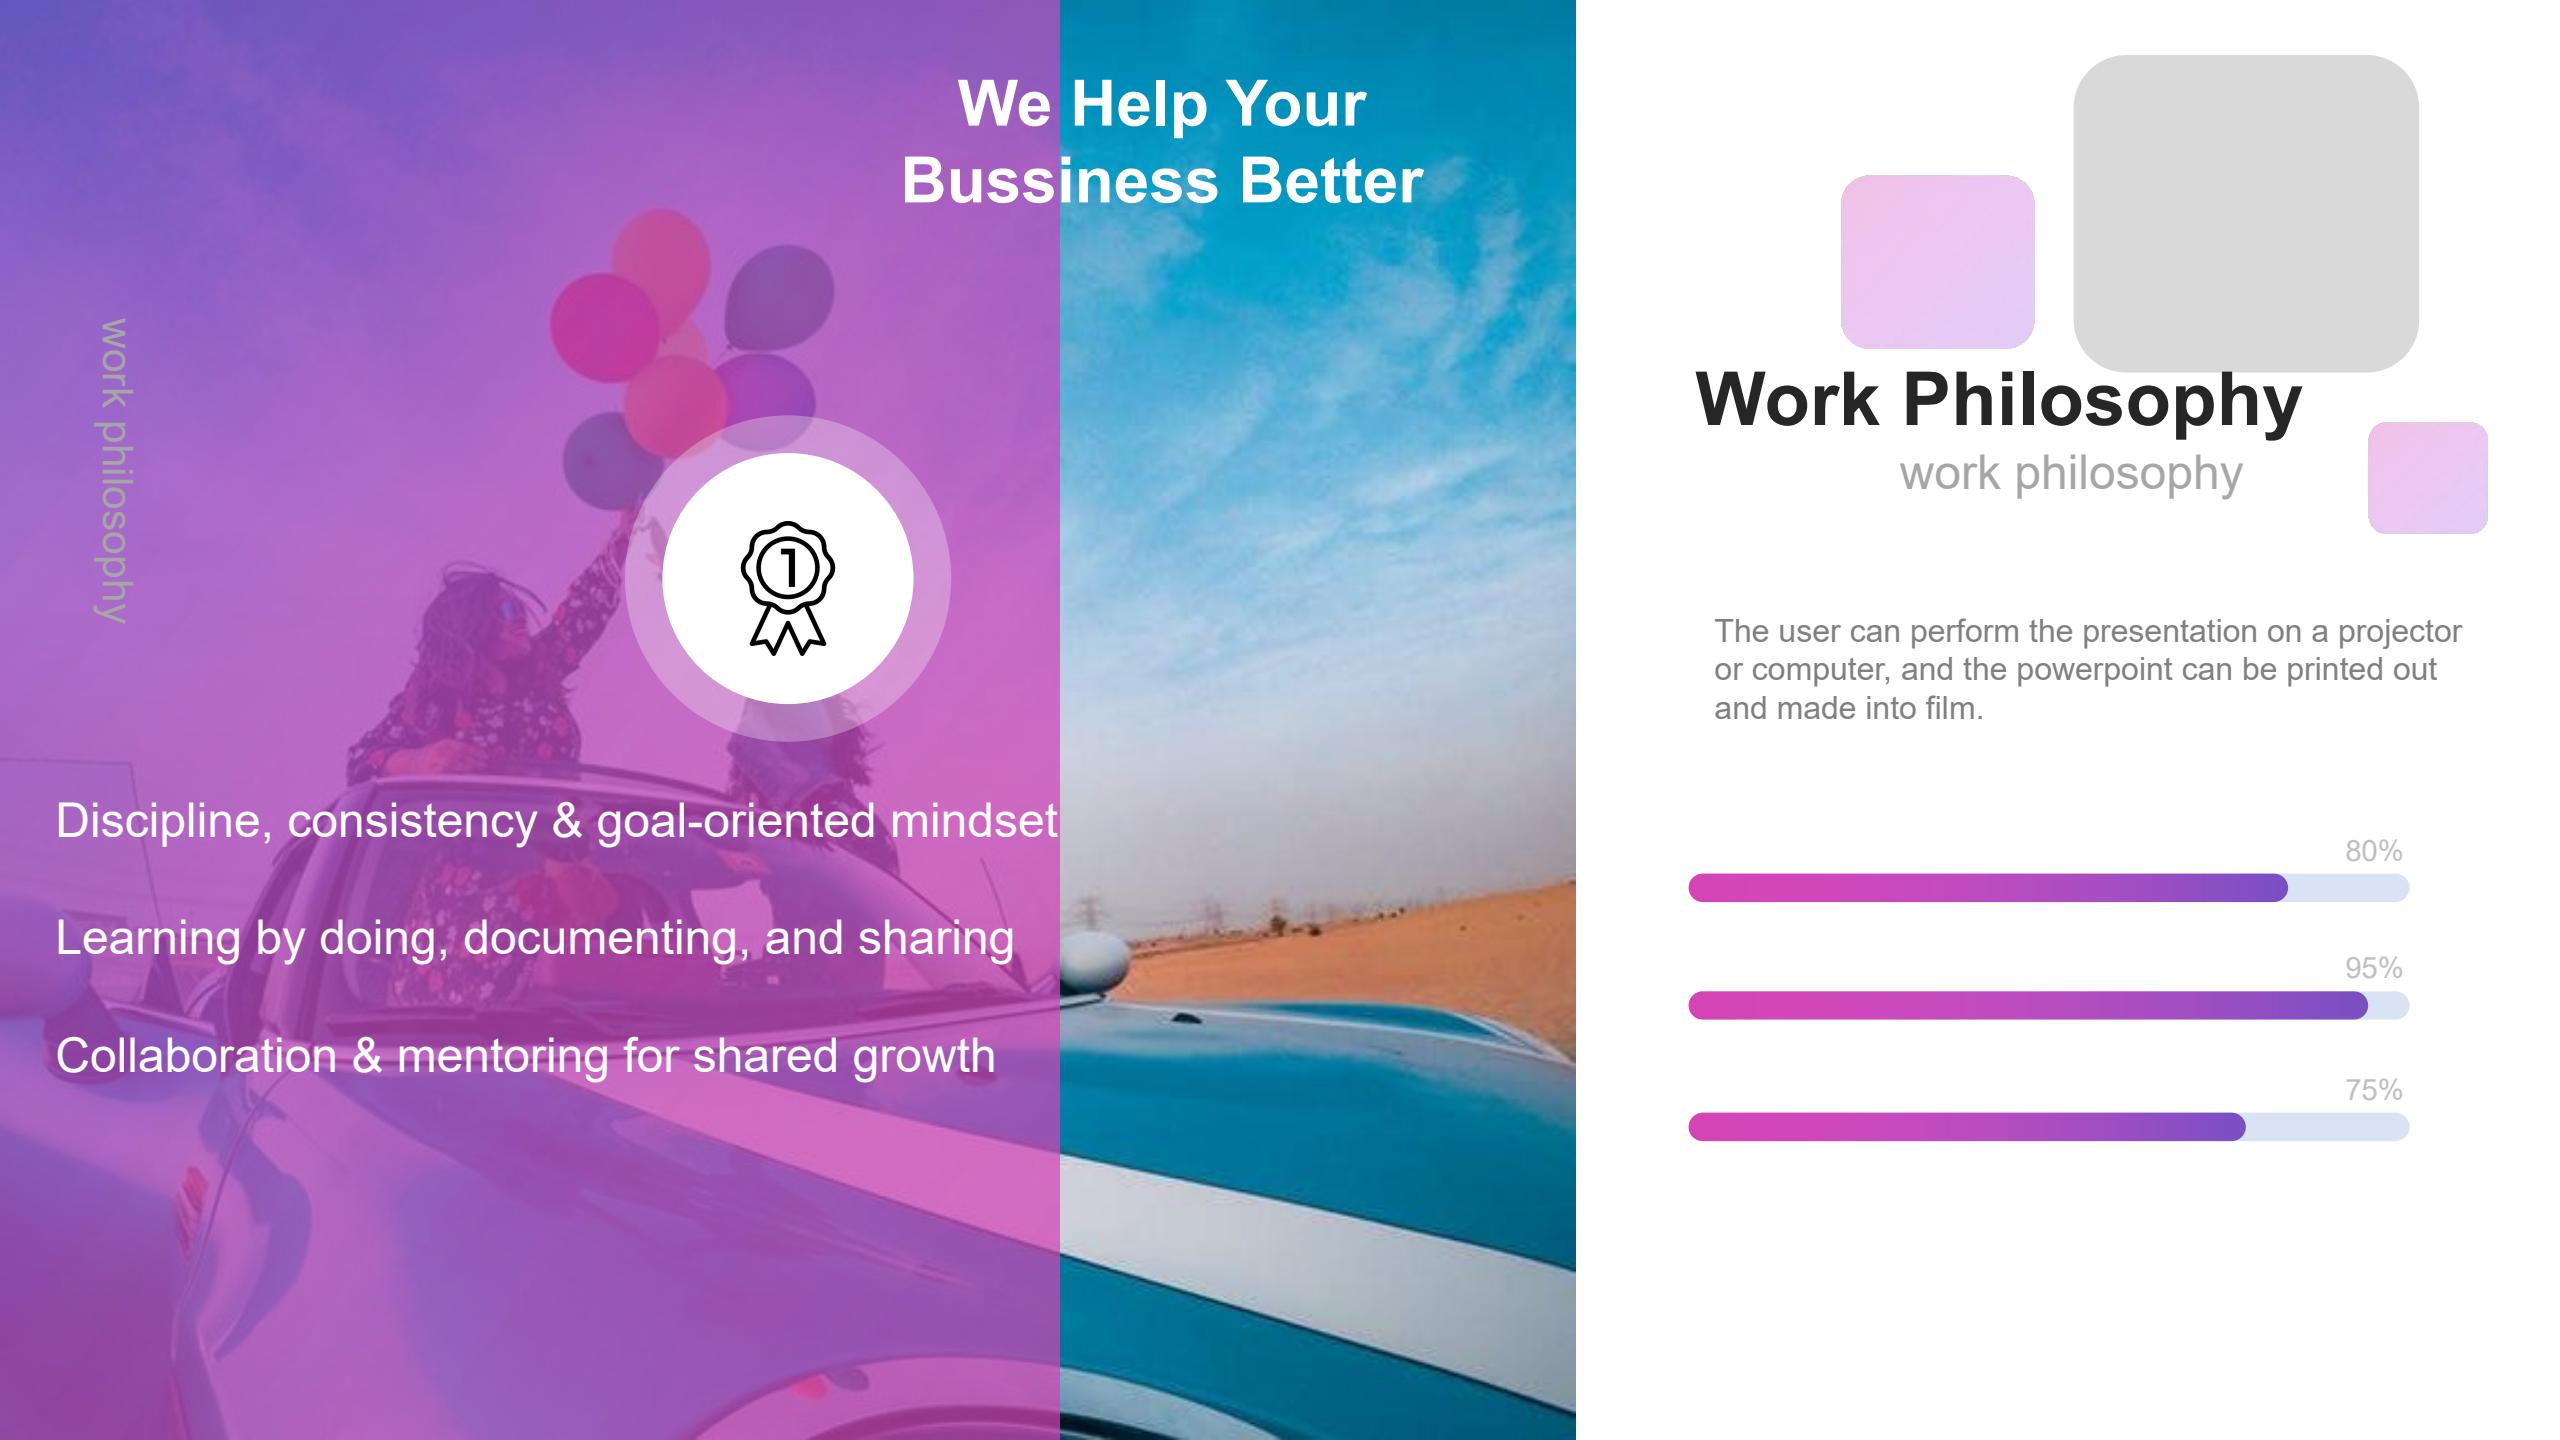

My structured approach:

-Identify foundational skills → Build projects → Explore advanced tools

-Focus on practice-based learning & real-world datasets

-Iterative improvement & continuous upskilling

We Help Your Business Better

work philosophy

Discipline, consistency & goal-oriented mindset

Learning by doing, documenting, and sharing

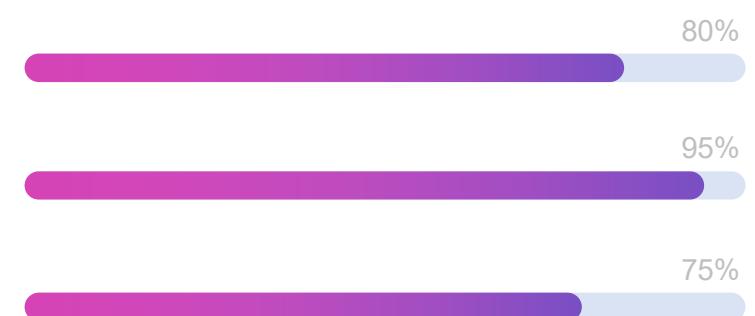

Collaboration & mentoring for shared growth

Work Philosophy

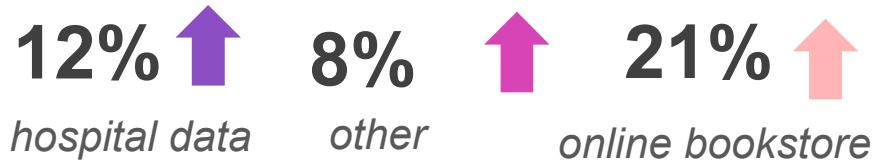

work philosophy

The user can perform the presentation on a projector or computer, and the powerpoint can be printed out and made into film.

Project Showcase – SQL

structure query language

Employee Data Analysis – Filters, aggregates, joins

Online Bookstore – Inventory, sales & customer analytics

GitHub links & snapshots included

The user can perform the presentation on a projector or computer, and the powerpoint can be printed out and made into film.

A collage of three images:

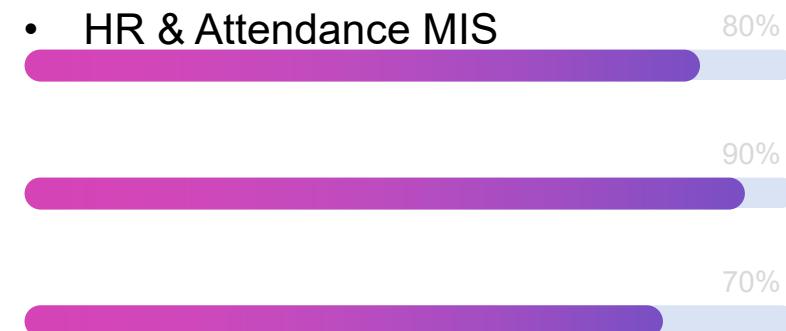

- A purple square containing a white text box with the text "We Help Your Bussiness Better" and a "Learn More" button. Behind the text box is a large purple hot air balloon and some mountains.
- A white square containing a small grey text box. To its right is a colorful hot air balloon with a basket.
- A large image of a yellow hot air balloon with green and blue accents, flying over a field of pink flowers.

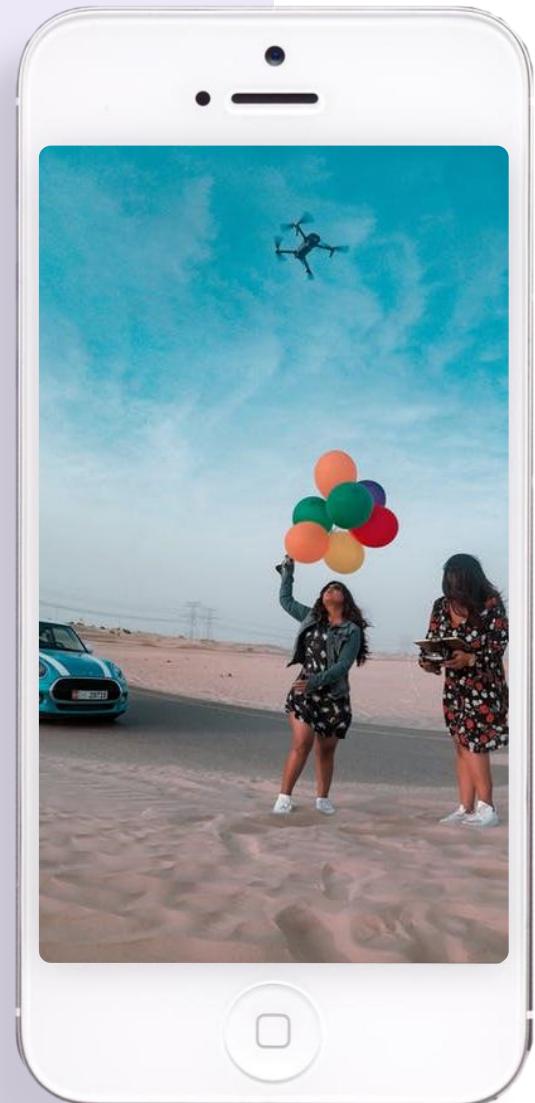

Project Showcase – Excel & Power Query

DATA ANALYSIS

- Multi-file & Multi-extension cleaning pipelines
- Sales Performance Dashboard
- PDF → Excel Automation
- HR & Attendance MIS

Project Showcase – Access & Power BI

Data Analysis

- Power BI: Customer Demographics & Product Sales Dashboards
- Motorola Sales Dashboard Analysis
- Interactive reports with real-world insights
- Access: Payroll & Inventory Tracker

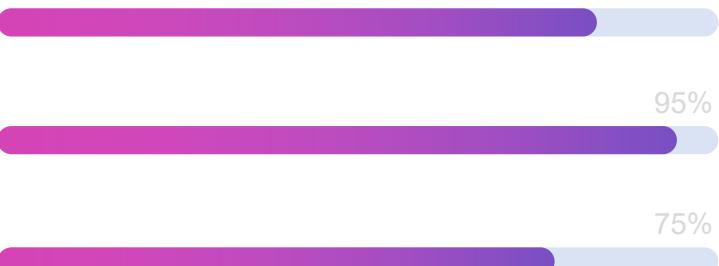

Tableau Project

Data Visualization

- Strategic Stakeholder Intelligence
- Supply Chain & Inventory Tracker

Marketing Campaign
Performance

Customer Segmentation
Insights

Project Showcase – Python & HTML/CSS

Data Analysis

**Give Perfect
Business Solution**
